RE: Request for Public Records from Elbert County

Dear Mr. Roberts:

The purpose of this correspondence is to address your request for particular documents to be made available for inspection under the Colorado Open Records statutes, C.R.S. § 24-72-201 *et seq.* Specifically, this letter is intended to address your request received by mail on June 22, 2015 with respect to certain records pertaining to “Any and all resolutions, correspondence or other documents related to a county policy or Board of County Commission decision to allow elected officials in Elbert County to request that their real property assessment information be kept confidential. (Please see attached letter)”.

The Colorado Open Records Act embodies several of our core organizational principles: open government, citizen involvement and organizational accountability. Elbert County government, its Board of County Commissioners, its Elected Officials, and all county employees support the principle of ensuring that we maintain an open and accessible governing body.

Please be advised that there are no records in the possession of Elbert County which are responsive to your request.

If additional records or documents are discovered which would have been made available for inspection under your request had they been discovered sooner, Elbert County will inform you of such as soon as possible. After your inspection of the available documents, please inform me if you believe an aspect of your request has not been addressed, as we make a commitment to fulfill every request for public records as efficiently and expeditiously as possible within the requirements established under the Colorado Open Records Act.

Sincerely,

Elbert County Government – Open Records
