RE: CORA request from Marilyn Flachman

Dear Mr. Flink:

I am writing regarding the request for inspection of documents submitted to Adams County School District No. 50 by Dr. Marilyn Flachman.

Though it has no legal obligation to do so, District 50 is copying and manipulating each of the annual salary notification letters it sent to its employees for the 2012-13, 2013-14 and 2014-15 school years. Personal information not required or permitted by CORA to be provided will be redacted from the letters. The documents should be in my office early in the week of July 27, 2015. You can arrange to pick them up upon providing payment as you proposed in your letter of July 15, 2015.

The total number of pages produced in response to Dr. Flachman's request should be in the neighborhood of 3,000. At  $25\phi$  per page, the total payable by Dr. Flachman to Adams 50 will be approximately \$750.00. In order to receive the redacted documents, Dr. Flachman will need to provide payment in good funds (cash or cashier's check made payable to Adams County School District No. 50).

With the production of the redacted annual notification letters, all documents responsive to Dr. Flachman's most recent CORA request will have been produced.

Please contact me next week to find out the number of pages to be provided to Dr. Flachman and to arrange for payment and transfer of the documents.

Sincerely,

Matt Ratterman
