Re: Death of John Reynolds
Date of Death: April 25, 2015

Dear Chief Jarlan:

I represent Mr. & Mrs. Timothy Reynolds, the parents of John Reynolds, who died on April 25, 2015 in your place of jurisdiction and control. They are the sole heirs and the Executor of his Estate.

We are making an official request to you and your department under the Freedom of Information Act to supply to the Reynold's family the complete Police Report, Police Investigative Reports including but not limited to all photographs, diagrams, confidentials, medical records, District Attorney's documents, Coroner's documents, EMS documents, hospital records and any other documents, photographs, dash cams, i-cams, or any other records that resulted from the original stopping and subsequent death of John Reynolds.

My understanding is that you had a conversation with Rochelle Reynolds regarding her request for these documents and you indicated that they were too voluminous, between 700 to 1000 pages. Respective of their voluminous nature it is the desire of the Reynold's Family to have the complete and unabridged copy of all files, documents and photographs that are in the possession of your police department. The Supreme Court has ruled that these documents should be available at a reasonable cost once they are prepared. Let me know what that cost is and I will have it forwarded prior to you shipping them. Additionally, since your case has now been completed we are requesting that the letter opener that was in the possession of John Reynolds be returned to the family along with the other documents that have been requested.

Please let me know when these documents will be available, the cost for their duplication and the cost for mailing them to Akron, Ohio to my address and I will have a check prepared for you. Your continuing cooperation is appreciated.

Very truly yours,

Donald S. Varian, Jr.
