Dr. Marilyn R. Flachman

Re: Request for Public Records

Dear Dr. Flachman:

This office represents Adams County School District No. 50 (the "District"). The District has requested me to respond to the Request for Public Records, which you submitted under the Colorado Open Records Act (the "CORA"), C.R.S. § 24-72-201, *et seq.* Your Request asks the District to "provide a list that will contain for each employee by individual name, both full time or part-time, and for all classifications, his/her financial remuneration for current salaries."

Because no existing District documents are responsive to your Request, the District would need to create a new record, or manipulate existing records, to respond to your Request. Under the CORA, the District is not required to create new records or manipulate existing records to respond to a Request for Public Records. Accordingly, the District will not provide any public records in response to your Request.

Sincerely,

Martin Semple
