Dear Mr. Pacc,

On October 14th you requested a breakdown of our estimate of \$2440.00. Our current estimate is that it will take approximately four (4) hours at \$30 an hour of District staff time to compile the records; four (4) hours at \$475 an hour of attorney time to review them; and four (4) hours at \$30 an hour for a District staff person to administer your on-site review of these documents. The difference of \$300 is an estimate due to the non-standard, special request of this particular Open Records request.

Thank you,

Woodmen Hills Metropolitan District
